Mr. Allan Cappy,
Britain Motor Co.,
232 East Ave.,
Rochester, N. Y.

Dear Mr. Cappy:

In reply to yours of the 19th and by a very unique coincidence, we only yesterday took in by far the finest, fastest and most beautiful Allard in these United States. It is an almost new 1947, but since purchased it had installed a brand new 1948 Grancor (of Chicago) "Hot Rod" engine of the very latest type and developing, we understand, over 150 h. p. and making it by far the fastest and finest Allard in the country. If you have a customer for this car, why not bring him here so he can try out this fine car to his heart's content. The price is \$5000. Cost just as it is, we understand, over \$9000.

On the other cars we think we wrote you about two weeks ago, but are now duplicating this as per enclosed. Austin dealers are now very hot on these cars. We have already made a shipment to a neighboring city of yours this week and are today shipping them another five cars including a TRIUMPH and two SINGERS. To another Austin dealer, we are shipping a HEALEY.

Yours very truly,

FERGUS MOTORS, INC.

J. B. Ferguson
